European Foundation for Quality Management excellence model	26
British Standard EN ISO 9002:1994	27
Standards in foodservice operations	29
Customer service and resource productivity	30
An integrated approach to quality management and service standards	31
<b>Summary</b>	33
<b>References</b>	33

<b>Chapter 2 Developing the consumer-product relationship</b>	35
<b>Framework for developing a consumer-product relationship</b>	36
Considering the product	36
Considering the consumer	36
Being systematic in developing the consumer-product relationship	37
<b>Market research</b>	39
The nature of needs	39
The nature of demand	39
Price, cost, value and worth	40
<b>Market segmentation</b>	41
<b>Idea evaluation</b>	43
<b>Concept development</b>	44
<b>Product development</b>	46
Exploring the meal experience concept further	48
Developing the customer service specification	54
<b>Creating the product - consumer relationship</b>	55
<b>The consumer - product relationship as a dynamic process</b>	57
<b>Summary</b>	58
<b>References</b>	59

<b>Chapter 3 Food production</b>	60
<b>Menu planning</b>	61
Developing a menu policy	61
Food and restaurant styles	61
Types of menus	61
Essential considerations in menu planning	64
Menu copy	66
<b>Health and safety</b>	67
Safety regulations	67
Developing safety policies	68
Developing a positive health, safety and hygiene culture	68
Control of Substances Hazardous to Health	69
Risk assessment	70
Food hygiene policies	71
Hygiene committees	72
The Food Safety (Temperature Control) Regulations	72
Hazard analysis and critical control point	72
Assured safe catering	75
Food hygiene audits	76
Registration of premises	78
<b>Food production systems</b>	78
<b>Centralised production systems</b>	79
Cook-chill system	80
Cook-freeze system	84
Sous-vide	87
<b>Volume in food production</b>	88
<b>Purchasing and control</b>	90
Classification of markets and methods of purchasing	91
The buyer	91
Buying methods	92
Selecting suppliers	94
Three types of need	94
Determining quantity and quality	95
The standard recipe	96
Standard purchasing specifications	96
Centralised purchasing within a company operation a number of units	100
Purchasing specifications	101
<b>Operational control</b>	103
Purchasing	104
Receiving	106
Storing and issuing	107
Food preparation and production	108
Sales and column forecasting	109
Storekeeping	109
Control and profitability	110
<b>Summary</b>	110
<b>References</b>	111
<b>Further reading</b>	111

<b>Chapter 4 Beverage Provision</b>	112
<b>The licensing framework</b>	113
Types of licence	113
Exemptions to permitted hours	115
Extensions to permitted hours	115
Young persons	116
Rights of entry	117
Weights and measures	117
Other matters	117
Alcoholic strength	119
Other legal requirements	118
Licensing in Scotland	118
<b>Compiling wine and drinks lists</b>	119
Types of wine and drink lists	120
<b>Pricing of wines and drinks</b>	124
<b>Purchasing</b>	125
The costs of purchasing	126
Determining stock levels	127
<b>Further consideration on wine provision</b>	128
Types of wine cellar	128
Purchasing wines	129
Using merchants	130
<b>Storage and cellar management</b>	132
Wine cellarage	132
Storage of other drinks	133
<b>Beverage control</b>	134
Stock control	134
Analysing sales	137
Determining cost of sales	138
<b>Summary</b>	139
<b>Further reading</b>	139

<b>Chapter 5 Operational areas, equipment and staffing</b>	140
<b>General considerations</b>	140
What is design?	141
The food and beverage manager and design trends	141
A systematic approach	142
<b>Food production areas</b>	144
Design of the kitchen	145
Work flow	145
Work space	146
Working sections	146
Access to ancillary areas	146
Preparation surfaces	146
Colour coding	147
Fixing and siting of equipment	147
Stationary equipment	147
Building fabric	148
Water supplies and drainage	152
Ventilation	153
Hygiene of ventilations and water systems	155
Lighting	155
Refuse storage and disposal	156
Cleaning and disinfecting facilities	158
Accommodation for staff	158
<b>Food production equipment</b>	159
The choice of layout	161
Equipment design	161
Design and construction of equipment	162
<b>Food and beverage service areas</b>	162
Decor and lighting	163
Heating and ventilation	164
Ambient noise	166
The size and shape of the areas	166
<b>Food and beverage service equipment</b>	167
Furniture	167
Trays	169
Tables	169
Chairs	170
Sideboards	170
Linen	171
China	172
Tableware	174
Glassware	175
<b>Disposables</b>	176
Types of disposables	176
<b>Bar areas</b>	177
<b>Automatic vending</b>	178

<b>Staffing</b>	180
Optimising human resources	181
Staff organisation	181
Organising duties	184
Defining responsibilities	184
Staff training	188
Health and safety	189
<b>Summary</b>	189
<b>Further reading</b>	189

<b>Chapter 6 Food and beverage service</b>	191
<b>Food and beverage service as two systems</b>	192
The service sequence	192
The customer process	193
<b>Customer service and resource productivity</b>	196
<b>Customer relations</b>	197
<b>Managing volume</b>	199
Measuring capacity	200
Volume and service organisation	200
Increasing throughput	201
Limiting demand	201
Using queues	202
Banquet/function operations	202
The complexity of managing capacity	202
<b>Sales promotion and merchandising</b>	204
Sales promotion	204
Merchandising	205
<b>Managing the service sequence</b>	208
<b>Revenue control</b>	214
The control system	215
Common malpractices	216
<b>Summary</b>	218
<b>References</b>	218

<b>Chapter 7 Appraising performance and making strategic decisions</b>	219
<b>Approaches to appraisal</b>	220
Fundamentals of appraisal	220
The basis for effective operational appraisal	221
<b>Appraising revenue</b>	224
Using price and volume data	225
Interpreting calculations	226
Taking account of price changes and inflation	226
Comparing like with like	227
Comparison over time	227
Key points of revenue appraisal	228
<b>Appraising costs</b>	228
Identifying and measuring costs	229
Industry norms	231
Apportioning costs	232
Key points of cost appraisal	234
<b>Appraising profits</b>	234
Profitability measures	235
Exploring gross profit	238
The dominance of gross profit percentages	240
Potential gross profit and potential gross profit percentage	241
Sales mix analysis	243
Menu engineering	245
Exploring net profit and operating profit	249
Industry norms	251
The effects of inflation	251
Stake holder interests	251
Key points in profit appraisal	252
Appraising the product	252
Using product appraisal data	255
<b>Appraising the whole operation</b>	259
When and how	260
<b>Making strategic decisions</b>	267
The origins of strategy	268
Levels of strategy	269
Assessing organisational capability	270
Strategic analysis and planning	272
The basis of strategy	275
Strategic direction	278
Strategic means	282
Evaluation criteria	284
Strategy and organisational types	286
The reality of strategic decision-making	286
<b>Summary</b>	287
<b>References</b>	287
<b>Further reading</b>	288

<b>Appendix A Learning outcomes</b>	289
<b>Appendix B Operational calculations</b>	294
<b>Appendix C Product appraisal – audit factor listings</b>	300
<b>Appendix D Operational and financial ratios</b>	307
<b>Appendix E Budget and trading results comparison and evaluation</b>	313
